We apologize for the address label mix-up with March's newsletter. A much older database was mistakenly used which displayed the wrong membership renewal date. This issue has been resolved and the date on this newsletter's mailing label should be your true expiration date. If you have any questions about your membership status, please contact Membership Secretary Beth King at 781-344-0618 or eking00000@aol.com. Use the form opposite to renew if your membership expired in December '09.
